

IEEE International Conference on Multimedia and Expo (ICME) 2011
July 11 – 15, Barcelona, Spain

CALL FOR SPONSORS

<http://www.icme2011.org>

ICME has been the flagship multimedia conference sponsored by four IEEE societies since 2000. It serves as a forum to promote the exchange of the latest advances in multimedia technologies, systems, and applications from both the research and development perspectives of the circuits and systems, communications, computer, and signal processing communities.

ICME 2011 showcases high quality oral and poster presentations and demo sessions. Best paper, poster and demo awards will be selected and recognized in the conference. Extended versions of high quality papers will be considered for a special issue in IEEE Transaction on Multimedia. ICME 2011 features IEEE societies sponsored workshops and industrial/application short papers, as well as call for workshop, tutorial and demo proposals on various new emerging topics.

Expo is held in conjunction with the main conference. Job fairs, keynote/plenary talks and panel discussions are other conference highlights.

The Host City: Barcelona, Spain

Barcelona is one of the cities in the world which hosts the greatest number of international congresses. It gets the second position in the ICCA (International Congress & Convention Association) ranking, with 135 congresses in 2009, and fifth position in the UIA (Union of International Associations) ranking for the year 2008. Leading multinationals choose Barcelona for their conventions and product presentations. Furthermore, in recent years, Barcelona has proved itself to be one of the most attractive and dynamic European cities, and this has made it one of the most preferred incentive trip destinations.

Barcelona was founded over two thousand years ago, on the Mediterranean coast, between two rivers. The trace of history can be found as you walk through the city, its Gothic Quarter built on the Roman ruins, and its art-nouveau Eixample district. Diversity of culture and harmony of life have made Barcelona into a first-class tourist destination and the perfect setting for meetings and congresses. This welcoming city hosted the 1992 Olympic Games and is now a modern and attractive city for tourists, business and living.

- Showcase the Latest State-of-the-Art Multimedia Technologies
- Promote R&D Advancements and Industrial Inventions
- Support Student Development
- Foster Collaborations between Academia & Industrial

Sponsors will be acknowledged according to the category of sponsorship. Acknowledgement includes free exhibit space, company name or/and logo printed in conference materials, an entry on the conference website, as well as complimentary conference registrations(s) and more. For details about ICME 2011 and its sponsorship program, please visit our website <http://www.icme2011.org>.

Contact

Should you require more information about the ICME 2011 sponsorship program, please contact our Patronage Chair:

Jun Zhou, NICTA, Australia
